

Thin reading glasses

CONCEPT Natural & Casual

Adults have their own feel.
SIGLASS is designed with minimal configuration a simple reading glass. unadorned natural beauty created with a minimalist design.

Clear frame x metal temple

SIGLASS has a simple structure with only a clear frame and metal temples. The clear frame ensures bright visibility, and the metal temples are made of β -titanium for lightness and durability.

Neutral face design

The face design of SIGLASS is a neutral design that combines square and oval Wellington elements. Creates a natural look as if you're not wearing glasses.

DESIGN Minimal aesthetics

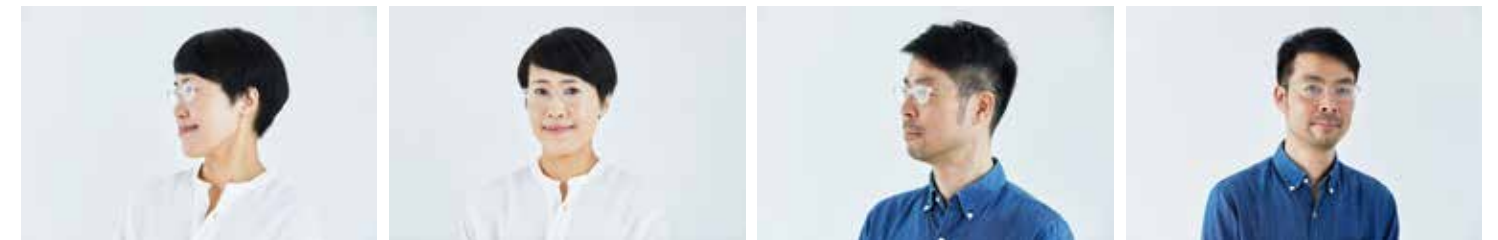

Reading glasses without screws.

The number of parts has been reduced to an absolute minimum, and there are no hinge screws. This is an environmentally friendly design statement.

Exclusive suede case

SIGLASS comes with its own storage case. The minimalist design made of suede-like material can be easily opened and closed with magnets, allowing you to store your SIGLASS compactly. If you use this special case for many years, it will become an indispensable item for you.

Wearing image

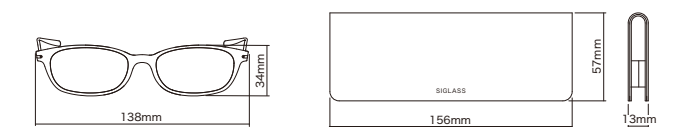

Thin design

SIGLASS' s unique structure allows it to be stored thinly. When stored in the dedicated case, it is only 13mm thick.

Iconic temple

SIGLASS's temple design is minimalist and distinctive, with a unique hinge structure and compact storage. The beautifully textured titanium lines stretch smoothly and lightly, enhancing your smile with elegance.
